To get started, simply choose to install your selected Continia solution through Microsoft AppSource.

How is my consumption calculated?

At the end of each calendar month, your consumption and the total number will be calculated. This number will determine your price by a simple look-up in our price table. Note that the number is based on total amount of sent payment in your Microsoft Dynamics 365 Business Central across all the companies that are registered in your license.

How do I count number of transactions?

For example, 1 mail is a sent e-mail with an account statement report including related attachments.
